Rappel réglementaire

Article L151-19 du Code de l'Urbanisme

Le règlement peut identifier et localiser les éléments de paysage et identifier, localiser et délimiter les quartiers, îlots, immeubles bâtis ou non bâtis, espaces publics, monuments, sites et secteurs à protéger, à conserver, à mettre en valeur ou à requalifier pour des motifs d'ordre culturel, historique ou architectural et définir, le cas échéant, les prescriptions de nature à assurer leur préservation leur conservation ou leur restauration. Lorsqu'il s'agit d'espaces boisés, il est fait application du régime d'exception prévu à l'article L. 421-4 pour les coupes et abattages d'arbres.

Article L151-23 du Code de l'Urbanisme

Le règlement peut identifier et localiser les éléments de paysage et délimiter les sites et secteurs à protéger pour des motifs d'ordre écologique, notamment pour la préservation, le maintien ou la remise en état des continuités écologiques et définir, le cas échéant, les prescriptions de nature à assurer leur préservation. Lorsqu'il s'agit d'espaces boisés, il est fait application du régime d'exception prévu à l'article L. 421-4 pour les coupes et abattages d'arbres.

Il peut localiser, dans les zones urbaines, les terrains cultivés et les espaces non bâtis nécessaires au maintien des continuités écologiques à protéger et inconstructibles quels que soient les équipements qui, le cas échéant, les desservent.

Description

Le recensement des éléments du patrimoine s'est effectué durant une grande partie de l'élaboration du PLUi-H. Les élus communaux ont été sollicités pour participer à ce recensement et fournir les données nécessaires.

Le présent document liste l'ensemble des éléments de patrimoine ponctuels sur le territoire
